- 9. In addition to reparations, production was shipped out of Germany to the USSR under the guise of purchases obtained at extremely low prices dictated by the USSR. As a result of such policies, German industry operates at a loss which in turn places a burden upon the German people.
- 10. "USIG" is provided with exceptionally great powers in technical and materials problems.
- 11. In conclusion it should be noted that the "USIG" administration handles security clearances of all Germans hired as employees of joing-stock companies.
- 12. The Directorate for Soviet Property in Austria is similar to that in Germany.
